Dear Mr. Rheingold:

The purpose of this letter is to confirm our recent telephone conversation concerning the RI/FS diskette. As we discussed, Jim Brown had requested that, if feasible, EPA notify him of any changes made to the document. As I explained to you, EPA is simply not equipped to do this.

I have since spoken with Cheryl Smith who has still not received the diskette. I had assumed that the matter was resolved. If not, please let me know as soon as possible. Otherwise, I will assume that Cheryl will receive the diskette this week.

Thank you for your attention to this matter. Please contact me with any concerns.

Sincerely,

Kathy Urbach
